# PST. ENERGY WITH EUROPEAN SELF- RELIANCE!

With us, the whole European natural gas market is within your reach. PST not only delivers natural gas from company-owned North European fields but also has direct access to all relevant European energy trading markets, allowing us to purchase natural gas and electricity throughout the continent.

And this means that PST customers are not affected by volatile market developments. Fair market prices and independent production sources allow PST to compensate for demand shortfalls and trading fluctuations via long-term and secure natural gas supply.

# PST. SERVICE THAT LEAVES NO QUESTION UNANSWERED.

For PST, service means more than just supplying natural gas and electricity. As an innovative and dynamic energy trading company, we are reliable, responsible, personable and committed to our trading and business partners.

Our experienced team with international expertise is always available for you, ready to answer your questions or inform you about our products. Make use of our knowledge and know-how in the energy industry.

Whether it is portfolio-services, trading market access for standard and structured products, balancing group management or market analysis, we develop customized solutions for you.

**THIS IS WHAT SERVICE MEANS TO US.**

# PST. PARTNERSHIP FOR BUSINESS AND HOUSEHOLD CUSTOMERS.

PST is not only an energy supplier but also a strong partner for customers in Germany and Austria, for companies and private customers alike.

PST stands for: Personal. Secure. Transparent.

Tariff fairness, transparency, and absolute reliability are our core values and corporate philosophy. Our strength lies in offering services that meet the requirements of our customers and market partners in order to achieve optimal results for our clients.

Because your trust forms the basis of long-term business relations.

**TAKE OUR WORD FOR IT.**

 PST

# PST. A YOUNG COMPANY WITH A LONG-STANDING TRADITION!

PST is a dynamic company in the heart of Munich. As a subsidiary of PGNiG SA, we benefit from the decades-long experience of one of the leading stock-listed companies in the energy sector. Our customers can rely on a solid and financially strong foundation that makes PST personal, secure, and transparent from our very first interaction.

**A PROMISE FOR THE FUTURE: PST.**

# PST – A STRONG GROUP.

The PST Group belongs to the Polish PGNiG Capital Group, which has a long-standing tradition in the energy sector.

PGNiG Supply & Trading GmbH focuses mainly on the purchase and trade of energy products, namely electricity and natural gas. Among other quality services, we offer our customers access to the wholesale market and customized solutions.

PST Europe Sales GmbH, the subsidiary of PGNiG Supply & Trading GmbH, is a young and fast growing energy provider. We develop fair and transparent electricity and natural gas products for household, business, and industrial customers.

XOOL GmbH is a 100% subsidiary of PST Europe Sales GmbH that specializes in natural gas products for household customers.

# PST STANDS FOR: PERSONAL. SECURE. TRANSPARENT.

## **PERSONAL.**

We are a responsible partner for our customers, shareholders, trading and business partners. We value personal and direct contact as well as optimally aligned processes.

## **SECURE.**

Thanks to our Norwegian sister company we have access to natural gas fields on the Norwegian Continental Shelf. At the same time we have direct access to all important energy trading markets and energy exchanges. That is why we can guarantee the highest standard of security of supply.

## **TRANSPARENT.**

Our self-perception is guaranteeing transparent, sustainable products and high-quality solutions. We value building confidence through transparency.
